WORK EXPERIENCE

Computer Enterprises Inc

October 2020 - Present

Associate Developer, Developer 1

Pittsburgh, PA

- Engineered software solutions for clients as part of an evolving cloud-based environment.
- Quickly learned new and exciting technologies to best deliver production-ready applications and train existing teams.

PROFESSIONAL EXPERIENCE

E-Commerce Platform Migration, Leadership

- Led, mentored, and collaborated with an internal team to migrate a small business e-commerce site from WordPress & WooCommerce to Shopify to leverage a citizen developer focused approach while reducing costs.
- Regularly communicated feedback, held Q&A sessions and created clarity on upcoming tasks to streamline the development process.

Power BI Report Development

- Developed multiple production-ready reports in Power BI from legacy data analytics reporting software for multiple clients looking to migrate to a modern platform.
- Led client meetings to demonstrate completed reports and verify that the results are meeting expectations and making changes when necessary.

Technical Training

- Presented hands-on training in GitHub Copilot for clients at varying skill levels.
- Documented client projects and held regular coaching sessions with client teams to provide them with detailed instructions on maintaining any newly developed software.
